

BAR1210GAL

High resistance protection barrier - 1000x1200 - galvanized steel

Protective barrier designed to shield fragile or hazardous installations from impacts. Made of steel coated with epoxy paint. Phosphatization before painting increases corrosion resistance and improves paint adhesion. Available in various sizes. Fasteners not included. Do not install in saline or hydrocarbon environments.

Customs code

7326909890

EAN

3321360052964

Color : Grey

Material : Galvanized steel

Specifications :

- Protective barrier designed to protect fragile or hazardous installations from impacts.
- Galvanized steel.
- Fasteners not included.
