

BUMPIX3BAR

Set of 3 BUMPIX Barriers L 2000 mm - 1 × 180° + 2 × 90°/60° - Yellow

Set of 3 high-performance polyurethane barriers designed to create a complete BUMPIX protection line. The components allow straight-line installation with the required connectors to effectively protect traffic areas, equipment, and infrastructure. Ultra impact-resistant, the barriers absorb impacts without breaking and immediately return to their original shape.
