

SMART1050BKNJ

Portable Retractable Belt black Barrier - 1 belt 10 m x 5 cm - black/yellow belt

Portable Retractable Belt Barrier for quickly blocking off access to large areas. Made from a steel and polypropylene frame. Easy-to-handle trolley thanks to its ergonomic design: wheeled base, handle, 360° swivel strap with strap lock button. Base can be weighted down with water for added stability. A single person can simply loop up to 10 linear metres in a few minutes. Numerous applications: securing tarmac or terminals, maintenance areas, car parks, events. An information panel can also be added.
